

## **TABC (Texas Alcoholic Beverage Commission) Certification:**

Having a TABC certificate is highly recommended and can significantly increase the amount of contracted work opportunities that may be offered to you. Most venues require that you possess this qualification, and as an independent contractor, the expense of acquiring one can be a tax deduction to you. Please notify W3 Events by email at [resources@w3events.com](mailto:resources@w3events.com) upon completion of a TABC course (*the expiration date is all that is required by W3 Events, you do not have to send a copy of the certificate or carry it with you to assignments. The TABC can check your status within their database at any time or place.*)

### **Instructions for obtaining TABC License:**
